8-14 January 1958

Document No. 042

NO CHANGE in Class. ☐

☐ DECLASSIFIED

Class. CHANGED TO: TS S (C)

DDA Memo, 4 Apr 77

Auth: DDA REG. 77/1763

Date: 20 March 1978

A. SIGNIFICANT ITEMS

Nothing to report.

B. NORMAL ACTIVITIES

1. JOTP Staff met with [ ] the Cover Division to discuss and plan for appropriate light cover to be developed for JOT candidates from the time they are first interviewed by recruiters to the period when they EOD. It is probable that all details concerning this procedure can be worked out in the near future. Also discussed was the need for all JOT's to be designated code #3 (not listed in the CIA telephone directory) in order to maintain present cover stories and techniques for handling from the cover point of view applicants who are presently employed by other Government agencies.

2. [ ]

[ ] or TSS to discuss plans for recruiting and training the JOTP men and women of substantial background in science. [ ] volunteered to assist in recruitment by using the consultants in TSS as spotters and by using certain of his professional personnel in interviewing candidates. An explanation of some of the problems faced by JOTP in providing appropriate training and also of the need for interested and constructive supervision of trainees was also given.

3. Chief/JOTP attended the briefing by the Security Office in 117 Central Building.

4. C/A&E has agreed to discontinue the NSA testing program and to substitute for it the FGD Program which is now available for use in 23 centers throughout the United States on ten days' notice.

5. Meetings of special interest were held with the following:

a. [ ] - to discuss the possibility of an overseas assignment under student cover.

b. [ ] - to discuss a number of discrepancies in interpretation of test results, depending on the battery used.
